

# LINX Lightning Talk

Tema Hassan  
24 November 2022

# Manchester

## Metro Infrastructure

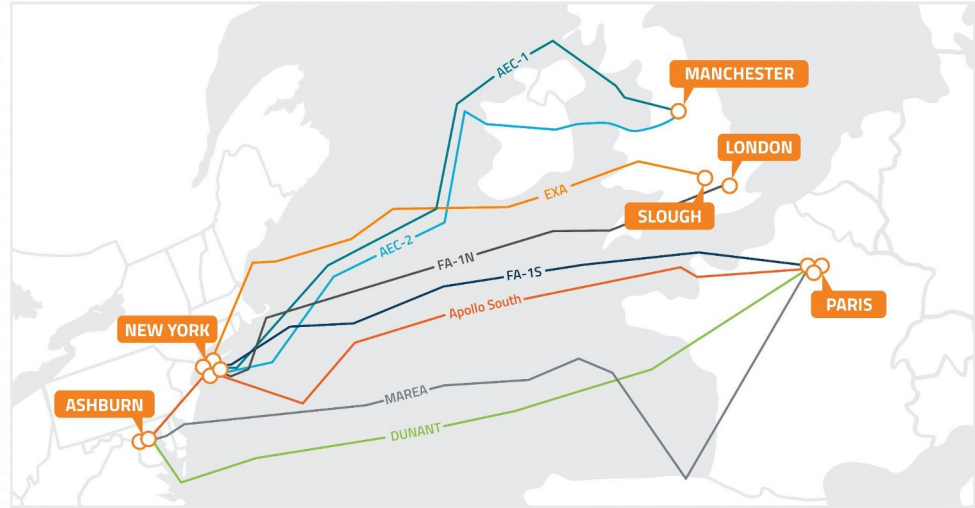

- UK #2 digital ecosystem
- Numerous telecoms investments including hyperscale
- \$4m investment to update our LH capabilities and increase metro assets
- 87 Km new fibre installed
- Target BT exchanges and datacentres

# Manchester

## Subsea Connectivity

- Further investment in subsea capacity along new routes
- New Jersey to Manchester direct on AEC2, avoids London datacentres
- Clear view on diversity and resilience
- Path to 400G services

Cable System	Site A	Site B	Est. Latency
AEC-2	Newark, New Jersey	Manchester, UK	Ready in 2022
FA-1N	New York, New York	London, UK	66 ms
FA-1S	New York, New York	Saint-Denis, France	71 ms
Dunant	Ashburn, Virginia	Paris, France	74 ms
