 - 2.3.2 monitor or access the contents of communications contained in traffic you transmit across LINX Services; or
 - 2.3.3 share any information derived from your traffic data with third parties without your explicit consent,unless it is required to do so by a Legal Requirement.
- 2.4 **Requirements for Monitoring.** Where LINX monitors a port or connection, it will use reasonable endeavours to:
 - 2.4.1 ensure the monitoring does not adversely affect any LINX services provided to the member;
 - 2.4.2 ensure the monitoring does not compromise the member's Confidential Information; and
 - 2.4.3 where LINX monitors your port or connection pursuant to a Legal Requirement, notify you that it has done so unless prohibited from doing so by a Legal Requirement.
- 2.5 **Use of Aggregate Statistics.** Nothing in this section prevents LINX from collecting and publishing aggregate statistics, as long as they do not identify any LINX members or individuals.
