

## LINX NoVA 2021 Incentive Details

### April 1, 2021 through Oct 31, 2021

This incentive is available on LINX's NoVA LAN only.

#### 10GE Incentive

If you are an **existing LINX member**, you may upgrade from one or more 1GE ports to **one 10GE** or take an additional 10GE port and receive 6 months FREE port fees on this port.

For **new member applications**, you can apply for **one 10GE port** at LINX NoVA and receive 6 months FREE port fees. If ordering multiple 10G ports, the incentive is only to be used on the first port ordered, not successive ports.

Each new member port or upgrade using this incentive will be subject to a minimum 12-month contract period.

*This 10G incentive is not valid for networks connecting via a LINX ConneXions Reseller Partner. Direct member connections only.*

#### Subject to Availability:

Network capacity availability may impact your request as it relates to LINX NoVA's ability to provision immediately based on the location that you select. Please speak directly to a member of staff if you have any questions.

*If you need to cancel ports taken under this incentive program before the expiration of the 12 month minimum contract term, you will have to pay the outstanding fees until the end of the minimum term. Such fees then become payable from the effective date of cancellation.*
